**Jan. 28, 2010**

### **Traffic Restrictions in Upper Dublin Township, Montgomery County for Signal Upgrade**

Project Funded Through Recovery Act

**King of Prussia** – Daytime lane closures are scheduled to begin Monday, Feb. 1 at the intersection of Jenkintown Road and Fitzwatertown Road in Upper Dublin Township, Montgomery County for traffic signal upgrades. The work is part of a \$4.3 million transportation economic recovery project for traffic signal upgrades at 32 intersections in Montgomery County.

Lane restrictions will occur weekdays at the intersection from 9 a.m. to 3 p.m. from Feb. 1-15.

Lenni Electric Corporation of West Chester, Chester County, was awarded the federally-funded contract to improve traffic flow and enhance pedestrian safety in 11 municipalities. Under this county project, the intersections will receive signal upgrades including new poles and signal heads and most locations also will get new ADA-compliant ramps and pedestrian countdown timers.

Within each municipality, groups of traffic signals will be interconnected to provide better timing.

Signals will be upgraded in:

#### Ambler Borough

1. Butler Pike and Lindenwold Avenue
2. Butler Pike and Spring Garden Street
3. Butler Pike and Main Street
